The Other Side Of Good vs. Evil

San Francisco Cop Discovers Shocking Secret in New Thriller

Portland, Ore. — Author, Ryan Davies invites readers on a thrill ride of mystery, intrigue and drama in his new book, *Images of Evil: Into the Light*. (Now available through **AuthorHouse.com**, or phone **TOLL FREE: 1-888-519-5121**) Courtesy copies can be obtained by members of the press by calling 1-888-280-7715.

Eddy Sloan has seen better days. Bipolar, hypersexual and schizophrenic, he finds himself living in squalor in a seedy Detroit neighborhood. Since losing his job as an IT technician a year ago, he has been living on money he collects from women he robs after one-night stands. In an effort to find some stability (and food and shelter), Eddy packs his meager belongings and travels to San Francisco to pay a visit to his estranged brother, Carmine.

Always the dependable brother, Carmine has established quite a different life for himself. His life was thrown off track last year when his late wife was murdered by a serial killer. For the sake of his learning disabled daughter, Andrea, he has pieced his life together. He is even engaged to be remarried to a woman named Carol. Still plagued by the mystery of his late wife's death, he is searching for answers.

When Eddy returns, Carmine is hesitant to take him in, but Eddy manipulates Andrea into convincing her doubtful father. Their relationship has been rocky since Carmine discovered the affair between Eddy and his late wife. Eddy's return brings more than emotional turmoil, though. The serial killer returns with him.

When Eddy is accused, Carmine puts aside sibling rivalry in an attempt to clear his brother's name. Also desperate to discover the identity of his late wife's killer, Carmine becomes obsessed with the case. His obsession is amplified when he discovers that an inoperable brain tumor is the cause of his debilitating headaches, blackouts and bouts of amnesia. With only months left to live, Carmine fights to uncover the mystery and save his brother from prosecution before it's too late.

Carmine finds more than he bargained for when a secret is unveiled. Things are not always as they seem, and he discovers that it's possible for even the person he knows best to keep secrets from him. Good is pitted against evil in the shocking conclusion to this thrilling novel. Will the forces of good prevail?

Ryan Davies lives and works in the Pacific Northwest. His book, *Images of Evil* is based on his latest screenplay. He is currently working on his next book, *Janis*. More information is available at **www.books.ryandavies-ip.com**.
